INVITATION

Workshop on climate change challenges and options for Danish development assistance

The Climate Change Task Force in collaboration with the Ministry of Foreign Affairs invites you to a 1½ day workshop to discuss

- How will climate change affect economic growth and broader development issues in developing countries?
- What are key lessons and recommendations from existing climate change adaptation activities in developing countries?
- Which tools, methods and practices are relevant for Danish development assistance efforts to improve adaptation to climate change in developing countries?

Registration and further information

For logistical reasons, the number of participants will be limited. If you would like to participate, please send an e-mail to Hanne Berthelsen, Danish Water Forum, hab@dhigroup.com or call + 45 45 16 90 38.

The final deadline for registration is 8 November 2010. Participants will be contacted shortly after.

Climate Change Task Force is a joint initiative of Danish Development Research Network, Danish Water Forum and Enreca Health - Danish Research Network for International Health.
